

Village Hall Car Park to Open for Parents' parking

The Village Hall car park is to be opened to parents of children at Kelvedon Hatch Community Primary School during drop-off and pick up times.

This will relieve pressure on parking in School Road, some of it illegal and much of it creating an unnecessary hazard to schoolchildren. Parking in the area, and children's safety has been a concern of the Parish Council for years.

The decision of the Village Hall Trustees follows a request from school head Ms Nina McKay and the Parish Council's decision to underwrite the (minimal) cost to the school.
